

CompArch 2012

Bertinoro, Italy, June 25-28, 2012

<http://comparch2012.dei.polimi.it>

CompArch is a federated conference of Component-Based Software Engineering and Software Architecture conferences.

CompArch Events

CBSE 2012: 15th International ACM Sigsoft Symposium on Component-Based Software Engineering

QoSA 2012: 8th ACM Sigsoft International Conference on the Quality of Software Architectures

ISARCS 2012: 3rd ACM SigSoft International Symposium on Architecting Critical Systems

ROSS 2012: Workshop on Reusing Open-Source Software Components

WCOP 2012: 17th International Doctoral Symposium on Components and Architecture

LOCATION: Bertinoro is a beautiful place in the middle of Italian Appennini. The Congress Center is composed of three large historical and monumental buildings forming a unique block on the top of the built-up area of the ancient town. The place is quiet and hospitable and it is surrounded by a very pleasant and peaceful atmosphere

Submission dates: February 2012
